

TCNJ Class of 2015

First Year Out Survey Report

August 5, 2015

Dear Members of the TCNJ Campus Community:

The following is a report detailing the post-graduation activity of the Class of 2015. Individuals who completed a degree at December 2014 and May 2015 were contacted to complete the survey in a variety of methods (electronically, telephone and U.S. Mail).

69% (894/1304) was collected on the class of 2015 through the one year out survey, the Center for Institutional Effectiveness, the School of Business exit survey, School of Engineering exit survey, School of Arts & Communication exit survey and National Admissions Clearinghouse service. Some of the interesting outcomes involve:

- As a result of the information obtained, 828 provided both graduate school and employment information. 97.7% reported they were employed and/or attending graduate/professional school. Of the respondents 2.3% were not working or attending graduate/professional school.
- Beyond TCNJ the top graduate schools students are attending are Rutgers University, Rowan University, Columbia University, Seton Hall University, Temple University and University of Pennsylvania.
- The top employers included Deloitte, JPMorgan Chase, Johnson & Johnson as well as Lockheed Martin.
- The average salary for graduates of 2015 is between \$45,000 and \$49,999.
- While attending TCNJ the class of 2015 continues to have more than one internship experience with 56% of those students participating in an internship for 2 or more semesters.

To provide you with a full picture of what has happened to our graduates, information has been further analyzed overall and by school. Data includes employment, graduate/professional school and salary.

A special thanks goes to Melissa Albert, Psychology student. If you have any questions, feel free to contact me at x2161 or dkelly@tcnj.edu.

Sincerely,

Debra K. Kelly
Director, Career Center
